

In-House Billing vs Outsourced Revenue Cycle Management

In-House

- Retaining Control
- Large initial investment
- Billing/Coding education
- Employee retention

Outsource to Spectrum

- Claims sent next business day
- High rate of paid claims
- SMBS strives to maintain annual A/R under 15% outstanding
- SMBS advocates for the Medical Community
- Stays abreast and communicates upcoming changes

Spectrum Medical Billing Services, LLC

We Partner with Providers

We Care

Your Billing Service

Spectrum Medical Billing Services (SMBS) has operated since 2006. We provide medical billing services to many providers/practices in Alaska (OT/PT/ST, Behavior (BCBA, RBT, LPC, SW, PSY, etc.), Natural Path, Acupuncture, Chiropractor, Nutrition, Midwives, Birth Centers etc.)

SMBS has team of professionals with a variety of expertise and certificates (Certified Coders, Certified Auditors, Certified Billers, etc.). Our team collaborates together, and is in continuous improvement mode, reviewing and improving our processes to see how we can maximize the efficiency, effectiveness and quality of our services for our client base.

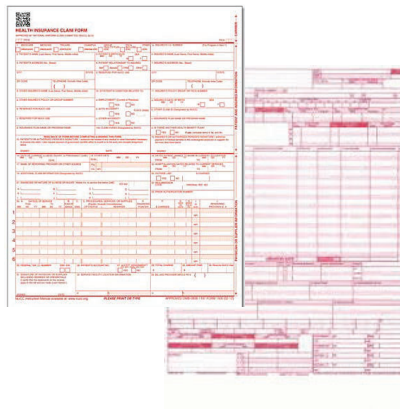

We are highly motivated and love what we do and who we serve. We care.

Claim Revenue

- SMBS prefers to send claims the next business day following the date the notes are completed.
- Provides payment lockbox and checks are deposited into Provider/Practice bank accounts on Saturday. (EOBS, checks, and deposit slips are scanned).
- Provides HIPAA compliant cloud storage of your EOBs.
- SMBS strives to maintain annual A/R under 15%.

Claim Follow-up

- SMBS provides claim adjudication and initiate and follow-up on necessary appeals. With our process of billing claims the next day, we rarely run into timely filing issues.

Miscellaneous

- Patient Statements are mailed monthly.
- Review and possibly enhance your intake process, as this is the critical point of contact to gather patient information, check patient eligibility, and maximize reimbursement for services the first-time claims are submitted for payment.
- Work with the providers/practices to maximize the A/R cycle, workflow, front/back office process efficiencies.
- SMBS staff are continually involved in the educational activities in the broader community and amongst themselves to stay abreast of the changes in the field of medical billing and trends so that they can continue to serve our providers with the highest quality of billing services, while fostering high levels of personal, team, and professional development.
